## INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF THE MASKATIYA CHARITABLE TRUST

### Opinion

We have audited the financial statements of **THE MASKATIYA CHARITABLE TRUST** ('Entity') which comprise the statement of financial position as at 30 June 2023 and the statement of income and expenditure and Other Comprehensive Income, statement of changes in net surplus and the statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at 30 June 2023 and of its financial performance for the year then ended in accordance with approved accounting and reporting standards as applicable in Pakistan.

### Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The management is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAS as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

# FEROZ AZIZ & COMPANY

Chartered Accountants

As part of an audit in accordance with ISAS as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# **MASKATIYA CHARITABLE TRUST**

## **Notes to the Financial Statements**

*For the year ended 30 June 2023*

---

### **1. STATUS AND NATURE OF BUSINESS**

- 1.1** The Maskatiya Charitable Trust is registered under the Trust Act, 1882 vide Registration Number 1506 dated 4 September 2003.

The Trust is formed to provide educational services to poor community. Currently, MCT has adopted three government schools which are located in the Industrial area of Korangi in Karachi.

The registered office of the Trust is situated at GJ-03-A3, National Industrial Park, Korangi Creek Karachi.

### **2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Guideline for Accounting and Financial Reporting by Non-Government Organization (NGOs) / Non-Profit Organizations (NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP).

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provision of and directives issued under the Companies Act, 2017 have been followed.

### **3. BASIS OF PREPARATION**

#### **3.1 Basis of measurement**

These financial statements have been prepared under the historical cost convention, except for certain items as disclosed in the relevant accounting policies below.

#### **3.2 Functional and presentation currency**

The financial statements are presented in Pak Rupees, which is the Trust's functional and presentation currency. All financial information presented has been rounded off to the nearest Rupee.

#### **3.3 Use of estimates and judgments**

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make estimates, assumptions and use judgment that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Accounting policies in respect of judgments made by management in the application of approved accounting standards, as applicable in Pakistan, that have significant effect on the Trust's financial statements and estimates and assumptions with significant risk of material adjustment in the future period are included in the following notes:

**MASKATIYA CHARITABLE TRUST**

**Notes to the Financial Statements**

*For the year ended 30 June 2023*

---

	Notes
a) Taxation	4.6
b) Provisions	4

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances.

**4. SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**4.1 Property, plant and equipment**

**Initial recognition**

All items of property, plant and equipment are initially recorded at cost.

**Subsequent measurement**

Items of property, plant and equipment other than land, buildings, leasehold improvements and capital work in progress are measured at cost less accumulated depreciation and impairment loss (if any).

**Depreciation**

Depreciation is charged on reducing balance method and taken to income and expenditure account to write-off the depreciable amount of each asset over its estimated useful life in accordance with their specified rates. The depreciation is charged from the month of addition upto the month of disposal of

**Disposal**

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised as other income in the statement of income and expenditure.

**Judgment and estimates**

The useful lives, residual values and depreciation method are reviewed on a regular basis. The effect of any changes in estimate is accounted for on a prospective basis.

**4.2 Impairment**

The carrying amount of the Trust's fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable . If any such indicators exist and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount,

**4.3 Cash and cash equivalents**

Cash and cash equivalents are carried in the balance sheet at cost. For the purposes of cash flow statement, cash and cash equivalents comprise of cash, balances with banks on current accounts and short term borrowings.

**4.4 Investments - held to maturity**

These are investments with fixed or determinable payments and fixed maturity with the Trust having positive intent and ability to hold till maturity. These are stated at amortised cost.

## **MASKATIYA CHARITABLE TRUST**

### **Notes to the Financial Statements**

*For the year ended 30 June 2023*

---

#### **4.5 Impairment of financial assets other than trade receivables**

The financial assets other than those that are carried at fair value are assessed at each reporting date to determine whether there is any objective evidence of their impairment. A financial asset is impaired if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset, and that loss event(s) had an impact on the estimated future cash flows of that asset that can be estimated reliably.

The impairment loss is recognized immediately in the statement of income and expenditure and the carrying amount of the related financial asset is reduced accordingly. An impairment loss is reversed only if the reversal can be related objectively to an event occurring after the impairment loss was recognized.

#### **4.6 Taxation**

Income tax expense is recognised in the statement of income and expenditure except to the extent that it relates to items recognized in other comprehensive income or directly in equity (if any), in which case the tax amounts are recognized directly in other comprehensive income or equity.

##### ***Current***

Current tax is the expected tax payable on the taxable income for the year; calculated using rates enacted or substantively enacted by the end of the reporting period. The calculation of current tax takes into account tax credit and tax rebates, if any, and is inclusive of any adjustment to income tax payable or recoverable in respect of previous years.

#### **4.7 Short term borrowings**

Borrowings are recognised at fair value of consideration payable. Borrowing costs are recognised as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalised as part of the cost of that asset. Borrowings payable within next twelve months are classified as current liabilities.

#### **4.8 Mark-up bearing loans and borrowings**

Mark-up bearing loans and borrowings are recorded at the proceeds received. Finance charges are accounted for on accrual basis.

#### **4.9 Trade and other payables**

Liabilities for trade and other amounts payable are carried at cost which is the fair value of consideration to be paid in the future for goods and services received, irrespective of whether it is billed to the Trust or not.

#### **4.10 Provisions, contingent assets and contingent liabilities**

Provisions are recognised when the Trust has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Contingent assets are not recognised and are also not disclosed unless an inflow of economic benefits is probable and contingent liabilities are not recognised and are disclosed unless the probability of an outflow of resources embodying economic benefits is remote.

## **MASKATIYA CHARITABLE TRUST**

### **Notes to the Financial Statements**

*For the year ended 30 June 2023*

---

#### **4.11 Related party transactions**

All transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions, using valuation modes, as admissible, except in extremely rare circumstances where, subject to the approval of the Board of Directors, it is in the interest of the Trust to do so.

#### **4.12 Revenue recognition**

Revenue from donations is recognised on receipt basis.

Income from different sources other than above is recognised on the following basis:

- Return on bank deposits and term deposit receipts is accounted for on accrual basis.
- Dividend income is recognised when the right to receive payment is established.

### **5 Financial instruments**

#### **5.1 Financial assets**

The details of new accounting policies after the application of IFRS 9 is as follows. The new IFRS effectively eliminated loans and receivables category of the previous IAS 39.

#### **5.2 Classification**

The Trust has classified its financial assets into following categories: financial assets at amortized cost, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. The financial assets are classified at initial recognition based on the business model used for managing the financial assets and contractual terms of the cash flows.

##### **(a) Financial assets at amortized cost**

A financial asset shall be classified as financial asset at amortized cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **(b) Financial assets at fair value through other comprehensive income**

The fair value through other comprehensive income classification is mandatory for certain debt instrument assets unless the option to classify as fair value through profit or loss is taken.

If an equity investment is not held for trading, an entity can make an irrevocable election at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in profit or loss.

##### **(c) Financial assets at fair value through profit or loss**

A debt instrument can be classified as a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

All equity instruments are to be classified as financial assets at fair value through profit or loss, except for those equity instruments for which the Trust has elected to present value changes in other comprehensive income.

## **MASKATIYA CHARITABLE TRUST**

### **Notes to the Financial Statements**

*For the year ended 30 June 2023*

---

#### **5.3 Recognition and measurement**

Regular purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Trust commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss.

Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the profit or loss. Financial assets are derecognised when the right to receive cash flows from the investments have expired or have been transferred and the Trust has transferred substantially all risks and rewards of ownership.

After initial recognition, an entity shall measure a financial asset at fair value or amortized cost.

Gains or losses arising from changes in fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of profit or loss within 'other income / other expenses' in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the profit or loss as part of 'Other income' when the Trust's right to receive payments is established.

Gains or losses arising from changes in fair value of the 'financial assets at fair value through other comprehensive income' category are recognised in other comprehensive income with only dividend income recognised in profit or loss.

#### **5.4 Financial liabilities**

Financial liabilities are recognised at the time when the Trust becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value less directly attributable transactions costs, if any, and subsequently measured at amortized cost using effective interest method unless financial liabilities are held for trading, in which case it is required to be measured at fair value through profit or loss or where entity elects to measure at financial liability, under fair value option.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of original liability and recognition of a new liability and the difference in respective carrying amounts is recognised in the profit or loss.

#### **5.5 Offsetting of financial assets and financial liabilities**

Monetary assets and liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Trust intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.
